SUMMARY

Game production professional with 6+ years of experience coordinating multidisciplinary and international stakeholders across game development and large-scale engineering projects. Skilled in development scheduling, task tracking, milestone coordination, playtesting, documentation, and cross-functional communication across Unreal Engine and Unity projects.

EXPERIENCE

Producer & Sound Designer | Production Coordination

Sep 2024 - Present

Voyagers Studios

U.S.

- Maintained **development schedules** and **tracked tasks**, dependencies, and milestone progress in **Jira**, keeping assignments and project information current **across a multidisciplinary game team**.
- Facilitated **communication across disciplines**, managed the flow of assets and information between teams, identified and **resolved blockers**, and supported **on-time milestone delivery**.
- Supported cross-functional meetings, **documented decisions** and action items in **150+ meeting notes**, maintained project documentation in **Notion**, and communicated progress and risks to stakeholders.
- Coordinated milestone planning and release readiness across **20+ game builds**, organized playtests with **500+ participants**, and **communicated actionable feedback** to relevant stakeholders.

Producer & Game Designer Intern

May 2025 - Sep 2025

Beijing One-Ten Future Educational Technology Co. Ltd

China

- Designed and implemented **7 Unity-based puzzle games** for K12 users and **conducted feature-level testing**, documenting defects and verifying expected behavior.
- **Coordinated cross-project development** across psychology and music game teams, tracking progress, aligning schedules, and ensuring milestones and deliverables were completed on time.
- Executed the **localization process** by reviewing Mandarin Chinese narrative and dialogue to **ensure linguistic clarity and cultural accuracy** for all game content.

Co-founder & Product Manager

Aug 2018 - Jul 2024

Oceanic Aquaculture (Startup)

Tianjin, China

- Implemented **digital customer profiling**, **increasing retention by 20%**, and used operational data to improve visitor experience and increase **revenue by 15%**.

Structural Engineer

Jan 2015 - Jul 2018

CIVIL Engineering Consultants Co. Limited

Macao

- Supported delivery of **12 projects** valued at **\$3B+**, **coordinating design requirements, schedules**, documentation, and communication with **international stakeholders**.
- Authored A Structural Designer's Toolkit, a **100-page technical manual**.

SKILLS & AWARDS

Production:	Agile/Scrum, Sprint Planning, Development Scheduling, Milestone Tracking, Task & Bug Tracking, Cross-Functional Coordination, Playtesting, Release Coordination, Gemini, ChatGPT
Tools:	Jira, Shotgun, Notion, Microsoft Project, Excel, Word, PowerPoint, Outlook, Google Workspace, Perforce, Git
Game Development:	Unreal Engine 5, Unity, Wwise, C++, C#, Python
Certifications:	Project Management Professional (PMP), Professional Scrum Master I (PSM I)
Awards:	Best Sound Design Award, 1st Triangle Game Jam (2025), Best Game Award, DPAD x GDDI Game Jam (2024)

PROJECTS

Transfer Tycoon – Serious Training Game for Duke Health

Sep 2025 - Jan 2026

Producer

- **Managed project timelines and milestone** planning, facilitated stakeholder meetings, reported progress, collected feedback, and supported project delivery.
- Organized structured playtests with **100+ medical professionals** and **analyzed evaluation data** to guide iteration.

UE5 AI Texture & Material Pipeline Tool

Aug 2025 - Dec 2025

Developer

- Developed an **AI-driven UE5 workflow** integrating Hunyuan and Meshy to **generate textured assets** and **automatically assign PBR** materials.
- **Reduced** level design **iteration time** by over **50%** across multiple assets.

EDUCATION

Duke University

May 2026

M.Eng. in Game Design, Development & Innovation

GPA: 3.8/4.0

University of Maine at Presque Isle

Aug 2022-Jul 2024

B.A. in Business Administration, Project Management & Information Systems

GPA: 3.96/4.0 | 3 courses remaining

University of Macau

Jul 2014

B.S. in Civil Engineering
